

Chris Lott

Field Technician

3157 Limestone Rd, Cochranville, PA 19330

Office: 610.593.5500 | Direct: 732.359.3382 | Email: clott@bstiweb.com

Areas of Specialization

- Federal and State agency compliant groundwater, soil and vapor sampling programs
- LNAPL and DNAPL recovery programs
- In-situ remediation system installation and operation
- HDPE welding
- Site wide water containment system installation

Overview of Project Experience

- **Remediation Specialist for an In-situ Bioremediation Remedy** - Degrade aqueous-phase chlorinated solvents at a Federal NPL Superfund site.
- **Lead Remediation Specialist Responsible For System Operation, Maintenance, Troubleshooting, Data Analysis and Treatment System Optimization** - Technologies include air sparge/soil vapor extraction, dual-phase extraction, pump and treat, carbon adsorption, phase separation, LNAPL/DNAPL recovery and thermal/catalytic oxidation on multiple project sites.
- **Lead Remediation Specialist Responsible For System Installation, Operation, Maintenance, Troubleshooting, Data Analysis and Treatment System Optimization** – PFAS containing water containment, storage, treatment, and discharge.

Education

B.A., Political Science
Moravian College, 2017

Registration/Certification

OSHA Certified 40 Hour HAZWOPER
OSHA Certified 10 Hour Construction
OSHA Certified Confined Space Entry
Training
HDPE Welding Certified
UPP Double Wall Pipe Fusion Certified
